

Foot pain is an enemy that can be beat.

If you are on your feet all day, play sports, or have diabetes, you are at risk for problems with your feet and ankles. Even the wrong pair of shoes - including high heels, work boots, or old tennis shoes - can destroy your feet.

Talk to Dr. Williams and your Breakthrough Podiatry team if you are having problems with your feet. Most patients are pain free in just five visits.

COMMON SYMPTOMS

Contact Dr. Williams if you are experiencing:

- HEEL PAIN
- CALLUSES
- SPORTS INJURIES
